This Month

It is time to elect a new Governing Council. Nominations are now closed and the names of those who have been nominated are listed on the white board in the dungeon office. The actual election will be on Sunday, January 14th at the General Membership meeting. The meeting will begin at 3pm and the first meeting of the new Council will follow.

Preceding the meeting, at 1pm, there will be a potluck barbeque. Desert Dominion supplies the burgers and hotdogs, including veggie burgers, and members bring sharefoods. During this time, on the main play floor, any members are allowed to use available table space in order to sell or trade their kinky wares, old BDSM toys, sexy shoes or fetish clothing. **DD**

About Desert Dominion, Inc.

We are a Southern Arizona pan-sexual, pan-fetish alternative lifestyle organization based in Tucson and welcome everyone regardless of orientation, age (18 and above), interest, race, creed, religion, etc.

We would like to invite those who are in the lifestyle, new to the scene, or just curious about fetish to come to our events, meet us, socialize with us, and learn with us.

We are not a dating service or sex club. We do not find partners for people. We exist to support, educate, and socialize with one another in a safe, sane, and consensual domain.

You must be a member of Desert Dominion, Inc., APEX, or another recognised club of similar purpose to attend any of our functions other than the Munch. Yearly membership is \$30. Quarterly membership is \$10. Both require orientation. Temporary memberships are \$3. They are limited in time to less than 24 hours, are not available for parties, and do not allow any "hands on" activity. **DD**

Into Swapping?

On Sunday, January 14th, during the BBQ preceding our General Membership Meeting and Elections, there will be a BDSM & Fetish Swapmeet. Bring anything (other than people) you'd like to sell or trade.

Singletails 101: Safe Cracking for Beginners

4pm. Saturday, January 13th

Whether you grew up in the era of Zorro on TV or the days of Indiana Jones and Zorro in the movies, you have probably been dazzled by the spectacle of a bullwhip in action. There is just something about a braided length of leather snaking through the air, a ripple of raw energy traveling its length and culminating in a resounding crack. Some shiver with fear, some with erotic pleasure, but few are unmoved.

The bullwhip is just one example of a singletail whip. There are stock whips, snake whips, signal whips and many more. Come learn about the differences and how to throw them not just for the sexy sound but so that after a lot of practice you can add them to your SM arsenal. Singletails can be dangerous to all within their reach. This includes, of course, the wielder. Safety goggles and protective wear is recommended.

The presenter for this workshop, Whipmaster Bob Clark, is known throughout the Arizona BDSM community for his expertise with a singletail. He has been an active member of the leather community for more than a decade and has instructed many of the accomplished whip users across the state. Now is it your chance to attend a beginner's class taught by one of the best and perhaps a chance to feel a whip thrown by one of the best. Don't miss out!

Serendipity's Sensual Sensation Play

7pm. Wednesday, January 24th

The unique sound and sweet smell of whipped cream coming out of the can, the cold yet exciting feeling of it being put on your skin, seeing and anticipating your partner about to lick it off of you and later the taste of it on your lips are all elements of experiencing sensual sensations. Hear it. Smell it. See it. Feel it. Taste it. Sensuality encompasses the exploration and experience of all our senses.

Lady Serendipity will share her passion of using sensual sensation play to further enhance and heighten all five senses during a scene. Sensual play can include silk scarves, massage oils, feathers, fur, erotic tickling, temperature play including wax play and ice play, textures, food play, light caresses, gloves, very light flogging or spanking, sensory deprivation, music, candle light, rose petals, essential oils, chocolate body frosting and a variety of other elements which stimulate our tactile, taste, auditory, olfactory, and visual neuroreceptors.

This seminar will provide information and demonstrations of techniques and various uses of common and not so common items for exciting sensation play. Nudity will occur.

Lady Serendipity considers herself more of a sensualist than a sadist. She is active within the local Arizona BDSM community, where she is often seen enjoying sensual sensation play!

Spanking and Corporal Punishment

4pm. Saturday, February 10th

Have you ever dreamt of being taken over someone's knee and spanked until your cheeks glow a warm rosy red? Or perhaps you have dreamt of being the one to do the spanking, then admiring your handiwork while your bottom stands naked with his nose in the corner. Spanking scenes can be warmly erotic, even orgasmic. They can also be cathartic, can make the bottom feel far younger than his or her chronological age, or can turn into an intense corporal punishment endurance scene.

There is more to spanking and corporal punishment than simply whacking a behind. The hand, paddles, straps, tawses, birches, and other implements can deliver a wide variety of both erotic and intense sensations. If they are not used with skill and knowledge they can also cause injury. The dress style, voice tone, and body language of the top can have an even larger impact on the scene than the types of implements used.

The presenter for this workshop is Wednesday A., who has been a member of APEX for four years and has served as the APEX newsletter editor as well as in other volunteer capacities. Wednesday has presented at APEX on several occasions and has served as a mentor for many novice spanking tops. She will be accompanied by her partner and boy dana, a spanking/age play fetishist with over 30 years experience.
