## This Month

The Governing Council of Desert Dominion passed a new resolution regarding picture taking at the club. As before, all photographs taken on the play floor must be cleared by the DM and steps must be taken to make sure no one is in a picture, in any fashion, without their prior consent. Additionally, pictures taken elsewhere in the club must

now be pre-approved by a member of the Governing Council. The same rules regarding the inclusion of others in the background of a photograph apply as well.

It was also decided that in order to make Desert Dominion a safer place for us all to play, all Dungeon Monitors must take refresher courses and be recertified once per year. **DD**

## About Desert Dominion, Inc.

We are a Southern Arizona pan-sexual, pan-fetish BDSM organization based in Tucson and welcome everyone regardless of orientation, age (18 and above), kink (legal activities involving consenting adults), race, creed, religion, etc.

We would like to invite those who are in the lifestyle, new to the scene, or just curious about BDSM to come to our events, meet us, socialize with us, and learn with us.

We are *not* a dating service or sex club. We do *not* find partners for people. We exist to support, educate, and socialize with one another in a safe, sane, and consensual domain.

Our members possess a variety of years of experience, of education in related lifestyle activities, and have widely diverse interests. **DD**

## Do Unto Others!

If people take the time to be a Dungeon Monitors while you are on the floor, shouldn't you do the same for them?

Turnabout is fair play.

## **Discovering Your Primal Animal**

**11 March**

Protocol has its time and place. Sometimes, however, kink can take us far beyond Yes Sir, No Sir, and into guttural growls and animal behaviors. Civility can go right out the window and complete conversations are had via body language and animal noises. It can be euphoric or terrifying, or an exhilarating combination of both.

Discovering and embracing you primal animal is not for the faint-hearted, but can be an incredibly rewarding experience for those willing to explore.

The presenters are no strangers to Desert Dominion. Whipmaster Bob Clark and Ms. Olympus Leather 2003, Linda “Bootpig” Hall have done numerous seminars for us in the past, including Singletails, Advanced Piercing, Rough Takedowns, and Using Ritual to Enhance Submission. Besides Desert Dominion, they have done presentations at APEX and other clubs and events, including Southwest Leather Conference and Folsom Fringe.

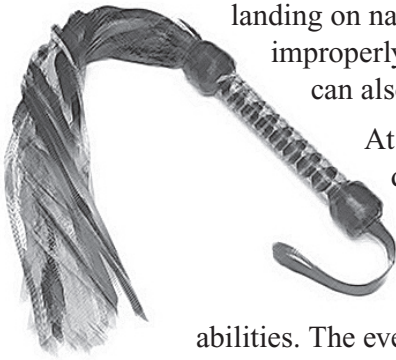

The event is open to the general public, 18 years and older. The fee is \$5.00 for Desert Dominion and Apex members and \$8.00 for non-members. Nudity may occur.

## **Flogging: Tails and Tribulations**

**22 March**

There is no one right way to swing a flogger, but there are wrong ways. A collection of tails flying through the air and landing on naked flesh can deliver extreme pleasure if done correctly and serious harm if done improperly. Wielding one of these wonderful instruments can be a lot harder than it looks. It can also be a lot more rewarding than one might think at first glance.

At this seminar you will learn about the various types of floggers. There are many different styles and materials that can make a huge difference in the way the falls fly and how they feel on the receiving end. Assorted throwing and swinging styles will be discussed along with why some are preferred over others.

This seminar will be taught by Lesa, a switch well-known for her flogging abilities. The event is open to the general public, 18 years and older. The fee is \$5.00 for Desert Dominion and Apex members and \$8.00 for non-members. Nudity may occur.

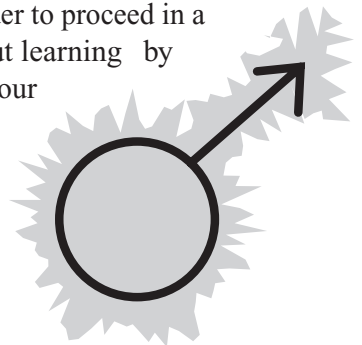

## **CBT: A Whole New Ballgame**

**8 April**

Few men in the lifestyle can hear the acronym CBT and not shudder. Some shiver in dread and terror while many others quiver with eagerness and delight. While focused on the male genitalia, Cock and Ball Torture, more commonly called CBT, encompasses many of the same elements of other BDSM activities. Many see the penis and testes as prime candidates for bondage, flagellation, piercing and more.

Safe, Sane and Consensual are the watchwords of BDSM. Once you have consent, in order to proceed in a safe and sane manner, you need knowledge. They say that experience is the best teacher. But learning by any means is bound to be less expensive. In the case of the male anatomy, learning from your mistakes may very well come at too high a price.

Join Murphy, Desert Dominion member, co-founder of Tucson United in Leather, and member of the DC Boys of Leather, for an educational seminar you aren't likely to find on the curriculum of many colleges. Learn the ABC's of CBT and the difference between good pain and bad pain, how to hurt without harming, how to tease, torment and torture in such a way that they come back begging for more. The event is open to the general public, 18 years and older. The fee is \$5.00 for Desert Dominion and Apex members and \$8.00 for non-members. Nudity may occur.
