This Month

There are many new things in the works. Jackie, our devoted secretary, suggested the creation of a new monthly event. The Board loved the idea, and the Leather Social was born. Learn more about it later in this newsletter.

Due to the success of the new Men's Discussion group and Men's Play Parties, our Social

Chair, Trish, felt it was time to revisit the idea of a Women's Discussion group and Women's Play Parties. If you are interested in seeing this implemented, contact her; DMs and door people will be needed.

Kink Culture is another new discussion group to check out. Depending on popularity, it may become a regular event.

About Desert Dominion

We are a Southern Arizona pan-sexual, pan-fetish BDSM organization based in Tucson and welcome everyone regardless of orientation, age (18 and above), kink (legal activities involving consenting adults), race, creed, religion, etc.

We would like to invite those who are in the lifestyle, new to the scene, or just curious about BDSM to come to our events, meet us, socialize with us, and learn with us.

We are *not* a dating service or sex club. We do *not* find partners for people. We exist to support, educate, and socialize with one another in a safe, sane, and consensual domain.

Our members possess a variety of years of experience, of education in related lifestyle activities, and have widely diverse interests.

Movie Night is Back!

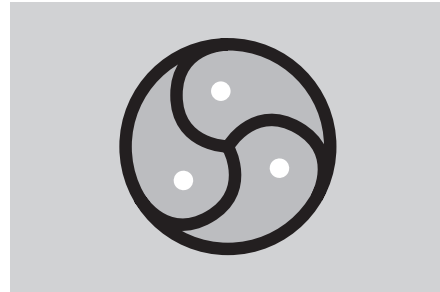

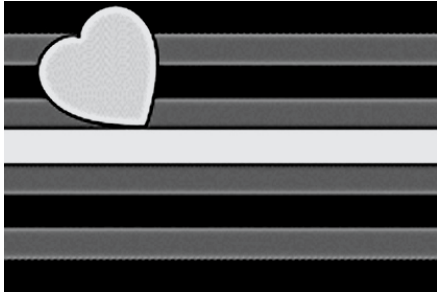

Bring a movie you'd like to share, vote for the one you like, then sit back and enjoy!

From the Board

In the interest of better serving our membership, it was decided that some new events should be added and some old ones revised. Others, such as a Women's Group are still in the planning stages. If there is an event you think might benefit Desert Dominion and its members, tell a Board member or place a note in either of the suggestion boxes. is in the food area and the other is in the main restroom.

At Cheryl's request, **Movie Night** will be coming back. This time the format will be different. Rather than the host selecting a video, the choice will be that of the participants. If you attend, you are encouraged to bring a movie you think your fellow viewers will enjoy. At the beginning of the night, those present will vote on what will be shown.

This is a free event. Contributions are requested, but not required. A share snack would be appreciated.

On Friday, May 14th at 8pm, Desert Dominion will be holding its first **Leather Social**. What is it? Well, it is sort of like a munch where fetish gear is encouraged rather than inappropriate. Where share foods make up the menu rather than paying a restaurant to serve you. It's like a play party without play. It's like a mini version of The Southwest Fetish Ball that takes place in January.

There will be loud music, laughter, dancing and just plain fun. This is a chance to get to know each other, bring new friends and meet members you may not have met before. Everyone is encouraged to attend and bring a friend or two.

This event is free for Desert Dominion and APEX members. For non-members there is a nominal fee of \$2.00.

Get your DM training! We've been short on DMs at recent parties. In the event of no DM, there is NO play allowed. And don't forget your membership card and photo ID. No admittance without them. No exceptions!

Mummification: It's a Wrap!

18 May

Bondage can take many forms. It can be as simple as a firm word. At the other end of the kinky spectrum is mummification. Wrap upon wrap until a body is fully encased and unable to move in any fashion. For some, it is the ultimate form of restraint. For others, it verges on the metaphysical, freeing the mind by imprisoning the body.

Although it may sound as easy as wrapping leftovers, there is a lot to consider when your tasty treat is a human being. (No references to cannibalism intended.) Not all materials used to mummify someone are created equal. As in all things BDSM and lifestyle related, it is important to know your tools and to use them properly.

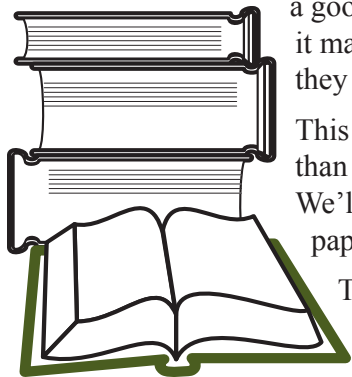

This event is open to the general public. The fee is \$5.00 for Desert Dominion and APEX members, and \$8.00 for non-members. As with most seminars of this nature, nudity may occur.

Kink Culture: The A B C s of BDSM and other things

27 May

We all have stories to tell and resources to share. There was that movie, book, magazine or website that had a profound effect on us. Perhaps it was an episode of a TV show or a poem that visited and never left. Maybe it wasn't a good experience and you can save someone else the disappointment. On the other hand, it may have been wonderful and others would sincerely appreciate knowing about it so that they may enjoy it too.

This event is not exactly a seminar. It will be more like Show 'N' Tell and a discussion group than anything else. You are encouraged to bring your favorite books, magazines and videos. We'll all get a chance to talk about our favorites and those we feel should be avoided. Bring a paper and pencil; you're probably going to need to take notes.

This event is open to the general public. There is no fee. Contributions are requests, but not required.

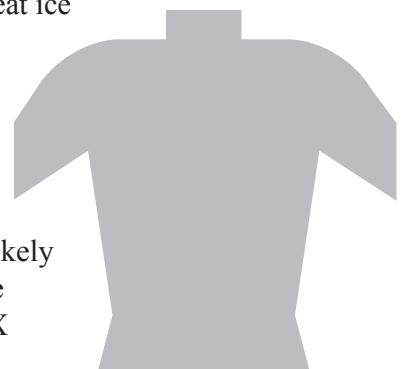

Erotic Massage: How to Rub Someone the Right Way

1 June

Everybody loves a massage. There is nothing quite like flesh to flesh when it comes to giving pleasure. Having caressing, squeezing and molding hands moving over your naked body is the sort of thing dreams are made of. It isn't uncommon to discover erogenous zones you never knew existed. And it's a great ice breaker in any relationship.

The instructor for this course is a professional masseur. He makes his living working the flesh. With his guidance, you too can learn to give more than a mere rub down. Learn to use your hands to heighten your partners sensuality in ways you may never have imagined. You won't regret it.

This is a H.O.T, and audience participation is encouraged. While nudity will most likely be present, it is certainly not required, nor is interaction of any nature necessary. The event is open to the general public. The fee is \$5.00 for Desert Dominion and APEX members, and \$8.00 for non-members.

Experience is the worst teacher; it gives the test before presenting the lesson. – Vernon Law
