This Month

It's not too soon to start thinking about next year. Desert Dominion's Governing Council elections are just around the corner. All positions are open. And although a few incumbents will be running for the positions they currently hold, some will be stepping down and making way for the next generation of member representatives.

This is your chance to be of service to your local kink community and leather family. The various Governing Council positions, as well as the names of those currently filling them, are listed on the white board by the door in the front office of the dungeon. Watch this board for the names of nominees, and feel free to add yours. **DD**

About Desert Dominion, Inc.

We are a Southern Arizona pan-sexual, pan-fetish alternative lifestyle organization based in Tucson and welcome everyone regardless of orientation, age (18 and above), interest, race, creed, religion, etc.

We would like to invite those who are in the lifestyle, new to the scene, or just curious about fetish to come to our events, meet us, socialize with us, and learn with us.

We are not a dating service or sex club. We do not find partners for people. We exist to support, educate, and socialize with one another in a safe, sane, and consensual domain.

You must be a member of Desert Dominion, Inc., APEX, or another recognised club of similar purpose to attend any of our functions other than the Munch. Yearly membership is \$30. Quarterly membership is \$10. Both require orientation. Temporary memberships are \$3. They are limited in time to less than 24 hours, are not available for parties, and do not allow any "hands on" activity. **DD**

Caning: Don't Spare the Rod

4pm, Saturday, November 11th

Bright red stripes or glowing welts laid down in perfectly parallel lines on someone's derriere are a sight that make many tremble, and not just those seeing them in their mirror. Caning is an art form to some as much as it is a means of discipline to others. It is one of the first forms of BDSM, dating back to the days when kinky things were known as English, and one of the most widely recognized forms of corporal punishment.

It can also be extremely harmful if done incorrectly. There is a lot more to it than just swinging a stick and hitting someone's bottom. If you are going to cane, you owe it to your partner(s) to learn how to do it properly so that serious injury can be avoided.

This workshop will be presented by Master Tiger Lily. She is the Secretary of APEX, a self-described hedonist, and the proud owner of slave Gavin, Siegfried and Roy. She has done demonstrations at APEX's Novice Night, presented at Desert Dominion, and has been a part of the Arizona leather community for longer than she would like mentioned.

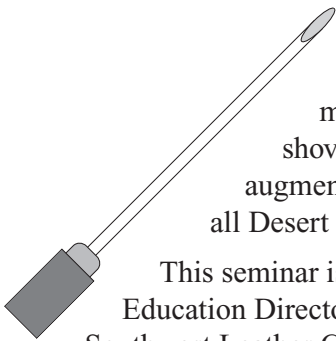

Needle Play: Get the Point?

7pm, Wednesday, November 22nd

Many primal rituals involve the piercing of flesh. Australian Aborigines, Native Americans, African tribesmen and a host of others know, appreciate, and utilize this form of stressing the body for spiritual release. Even though play piercing is a fairly common BDSM practice, many have yet to experience it and discover why so many people who have done it do it again and again.

Besides "why", there is "how". Like many lifestyle activities, there is more to it than meets the eye. Needle play involves far more than just grabbing a loose bit of skin and shoving a needle through it. This seminar will cover the ins and outs as well as variations and augmentations of the basics. One on one instruction and demonstrations will be provided. As with all Desert Dominion seminars, safer sex procedures and safety will be addressed.

This seminar is being taught by Master Jefferson James and his slave Victoria. Jefferson has been the Education Director of Desert Dominion for three years, and has presented at Desert Dominion, APEX, The Southwest Leather Conference, and Rio Grande Leather. Victoria has been doing piercing for more than two decades, including everything for ears, nipples and genitals to flesh hook suspension. She will be a piercer for the Dance of Souls at the Southwest Leather Conference, and recently had the Butchmanns Academy piercing kit handed down to her by Master Steve of Butchmanns.

Rope Bondage

4pm, Saturday, December 9th

A writhing human form adorned with rope and not much more. Few things cause the pulse of a bondage fan to race faster. Both the person doing the tying, and the person embraced by the bindings, feel their hearts quicken. A little struggling and a little whimpering, and the scene becomes intoxicating. Nothing says control and submission in quite the same way as an effective tie. The body is more vulnerable than when mummified and rope feels more alive than chain.

There is far more to rope bondage than just knowing your knots. This hands on class will show you various techniques for binding someone to a chair, to a bed, to a bondage device, or to nothing other than themselves. The pros and cons of different rope materials and constructions will be discussed. A knowledge of simple knots will be helpful, but not necessary.

The instructor for this workshop is Master Dennis, Events Coordinator for APEX Academy (The Butchmanns Experience) as well as one of its instructors, a writer for The-O-Zine <www.the-o-zine.com>. He currently has in his service SlaveMistress Bonnie, slave kia, and slave tiffany. He is a very active member of our leather tribe. He is known as Dragon~Lord, head of the House of Dragon and also as That Twisted Evil Little Fuck. He has served on the APEX board, as Co-President, and founded the organization's Dom Roundtable.

If you can't get rid of the skeleton in your closet, you'd best teach it to dance. – George Bernard Shaw
