## ***This Month***

The governing council of Desert Dominion has appointed a replacement Treasurer. Gina has graciously agreed to complete this year's term. The council considers her a very welcome addition and hope her experience as a council member is a good one.

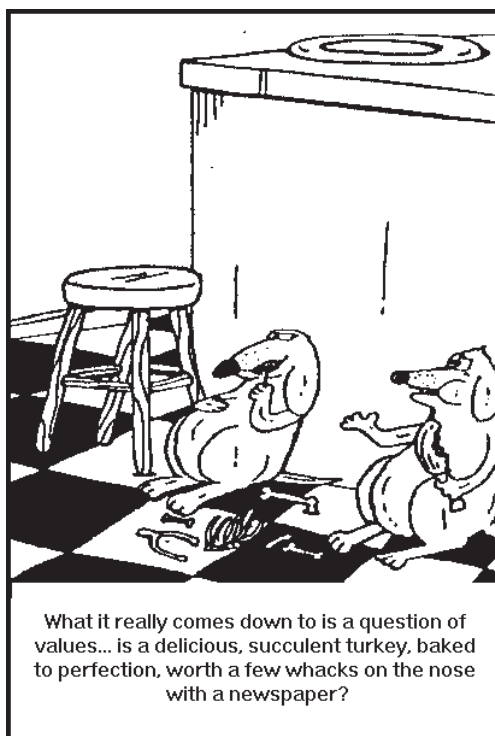

Now, let's talk turkey.

We all like nice plump breasts and luscious thighs. And can anything compare to spreading legs and shoving your hand deep inside? There's simply nothing that compares to a real good stuffing. And doesn't the thought of those wonderful flowing juices just make you want to dive in face first and eat to your heart's content?

If you survive Black Friday, the most insane shopping day of the year, head on down to Desert Dominion and join us for our annual Thanksgiving Day Dinner. Nevermind that it is actually the day after Thanksgiving. We're kinky and we do things differently than other people, those less kinky than ourselves, for instance.

Thanksgiving is a weird holiday. What other day of the year is it considered polite to give someone the bird after they tell you to stuff it?

What it really comes down to is a question of values... is a delicious, succulent turkey, baked to perfection, worth a few whacks on the nose with a newspaper?

## ***About Desert Dominion***

We are a Southern Arizona pan-sexual, pan-fetish BDSM organization based in Tucson and welcome everyone regardless of orientation, age (18 and above), kink (legal activities involving consenting adults), race, creed, religion, etc.

We would like to invite those who are in the lifestyle, new to the scene, or just curious about BDSM to come to our events, meet us, socialize with us, and learn with us.

We are not a dating service. We do not find partners for people. We exist to support, educate, and socialize with one another in a safe, sane, and consensual domain.

Our members possess a variety of years of experience, of education in related lifestyle activities, and have widely diverse interests.

We have a number of monthly events including educational seminars, socials, munches, discussion groups, and play parties.

We have our own meeting and play space, and hope that you will come and join us for one of our many events.

## ***Homemade Toys***

***7pm, October 12th***

Like many of the extra-curricular activities or hobbies adults have, BDSM can be a very expensive pastime. Some things we use to amuse and abuse come with a very hefty price tag and are worth it. You can buy el-cheapo handcuffs, but the cost of the bolt cutters often necessary to remove them make them not quite the bargain they may first appear to be. High quality floggers and singletails can be pricey, but they require a significant amount of time and talent to manufacture. What's a poor kinkster or kinkling to do?

The answer may very well be that you save as much as you can on some things so that you have more of your hard-earned cash available for others. That's where homemade toys come in. Most anyone can make a spreader bar, but what else can you make? Not everything requires the skills of intricate leather braiding or fancy woodworking. A few readily available items, a few minutes of your time and the creative ideas presented in this class could be just what the doctor ordered.

You're guaranteed to leave this workshop with at least one new toy too. You can't beat that!

Masterobert has been in the lifestyle and making many of his own toys for almost 20 years. He is one of Desert Dominion's founders and is experienced in a variety of kinky practices. He was our first Head DM and has also served on the Board (what became the Governing Council after incorporation) as President. Whenever looking at something, his mind automatically begins to figure out how to replicate it or improve upon it. Many years of building street rods, some of which have been featured in magazines, honed skills which he then brought to the world of kink. In fact, some of the play stations at DD were built by him.

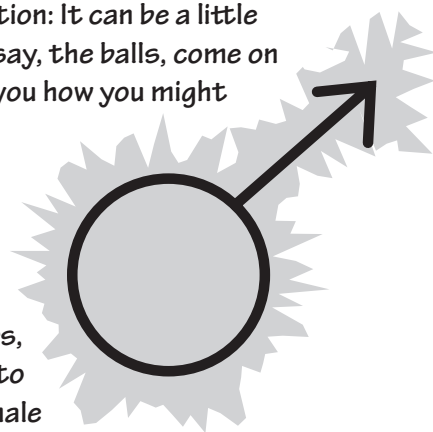

## ***CBT with The Ladies From Hades***

***4pm, October 22nd***

C... B... T... Just three little letters, and yet they can send shivers down the spines of many grown men. Some quake with fear. Some tremble with joy. Those who are ambivalent are generally that way only with the caveat that it happen to someone other than themselves. Cock and Ball Torture is one of those things you love, hate, or love to hate. Come to this workshop and The Ladies for Hades will show you just why that is.

Like most BDSM practices, CBT can be anything from mild to wild. Translation: It can be a little uncomfortable or it can hurt like... Well, like Hades. So, if you've got, dare I say, the balls, come on down and watch as several women wreak havoc on male genitalia and show you how you might amuse yourself in a similar manner.

The Ladies from Hades are a group of experienced Fem Doms who enjoy extreme CBT of all kinds. They each have anywhere from 8 years to over 20 years of scene experience in general and cock and ball torment experience in particular. The types of CBT they do run the gamut from creative cock and ball bondage, to the application of humblers, ball crushers, and weights, to urethral sounds, to scrotal saline infusion, to needle play, to clips and clamps, to therapeutic sandy tabasco handjobs that exfoliate male naughty bits quite effectively. They are always searching for or cooking up more evil ideas to add to our mix. Their brand of play is not for the faint of heart.

## ***The Basics of Belly Dancing!***

***7pm, November 9th***

Want to learn to move your hips?

Think that your hips are too big or too skinny for belly dancing? Think again! This is something that women of any shape or size can do and can do beautifully!

All you need for this class is to show up in a snug t-shirt and loose workout type pants and be prepared to learn the basics of hip and leg work. If you have a large scarf you can tie low on your hips please bring it.

Please note that this workshop is designed for participation, not observation. So don't be shy!

Handouts on costuming, music, props and local communities will be provided.

Erika learned about belly dancing from the local Society for Creative Anachronism (SCA) group in Tucson, AZ, where she participated in classes and hafalas for more than 5 years. During that time she taught various classes for beginners.

## ***Body Mine***

***4pm, November 26th***

In pop culture, and here in our kink community, many of us have chosen to modify our bodies in various ways; tattoos, piercings, cuttings and branding are just a few things we do to ourselves or others. It is

becoming more and more common to see these modifications both in and out of the dungeon. Why? Is this a fad, part of the modern primitive movement, a rite of passage, or all of the above? Come hear from some of us that have done some of these extraordinary things to our bodies and hear what we have to say. We want to hear from you too. What have you done and/or what are you planning to do to your beautiful body?

This is a roundtable discussion featuring various body artists, those who have body modifications, and of course you. We'll talk about the hows, whats and whys of the various things we do, have done, or are planning to do. Hosted by Master Trish.

## ***Primal Experience***

***Noon - 6pm, December 3rd***

Desert Dominion presents Primal Experience, an exploration of ecstatic energy, on Saturday December 3rd, from noon until 6pm. Cost is \$ 25 per person.

This event has become a Desert Dominion tradition and is spoken of fondly by many of our members. Through the use of flesh hooks, drumming and free-form movement in a safe, supportive, communal environment, many have been able to reach heightened states of consciousness.

The cost of the event includes all piercing supplies. Share food is appreciated. Drums and other percussion instruments are welcome. Attendees need no experience; stations will be set up to facilitate all piercing. Primal Experience will be limited to 25 participants. You must be a member of Desert Dominion or a reciprocal organization such as APEX. Pre-registration is required. Contact Bruce at [switchu81@aol.com](mailto:switchu81@aol.com).
